

# ***Ignited Minds...***

***A place where minds shine brighter than Stars.***

***Ignited Minds*** is an initiative led by a group of Faculty from Diverse academic backgrounds and Eminent Colleges like IITs, NITs etc. and Organisations such as ISRO, Nationalised Eminent Banks, Offices of Government in top capacities.

Having themselves cleared all the exams and also having taught hundreds of students for these exams Faculty have a very deep first hand experience of facing that competition and preparing other students for the same. This makes it a very practical experience for the children. It lets them face the current scenario of competition from very beginning and makes their dream of becoming a Doctor, an Engineer, Lawyer or anything else, a much smoother journey than it had been if they did not build this foundation for which Ignited Minds has been brought forward.

***Let's get to know the bringers of Ignited Minds.***
